RE: Petition Nonsubstantive Revision Request for the Ownership Change of WDW-188 which Injects into the Frio Sand at the Beaumont, Texas facility

Dear Ms. Huber:

This letter is in response to Chemours' May 27, 2016, letter requesting a nonsubstantive revision related to the March 1, 2016, ownership change of WDW-188 from The Chemours Company FC, LLC to The Dow Chemical Company. The Agency agrees this change does not affect the approved petition reissuance demonstration and is a nonsubstantive revision. Therefore, the Agency has modified its files to reflect the above ownership change. The approval conditions of EPA's November 21, 2001, petition reissuance and the December 12, 2001, nonsubstantive revision provisions are still in effect. If you have any questions or comments, please call Brian Graves at (214) 665-7193.

Sincerely yours,

A handwritten signature in black ink, appearing to read "W K Honker".

William K. Honker, P.E.
